

Pittsville Lions upcoming events

Reports at this weeks Pittsville Lions dinner meeting will focus on a number of subjects.

A financial report of the Legion-Lions 4th of July celebration will be made available to allow the board of directors to refine their proposed budget for the year.

Lions members who prepared and served food at the USSA (United Special Sportsmen Alliance) annual summer water sport event at Normington's cranberry marsh on Saturday, July 16 will be anxious to tell of their experiences working with terminal illness youth, their parents, friends, and guides. This event is under the leadership of Bridgid O'Donoghue, president of the USSA organization which provides outdoor sporting activities for kids with terminal illnesses. O'Donoghue is also a member of the Pittsville Lions Club.
