Local hunters harvest nice trophy

Another trophy bear has been harvested by local hunters, this time by Aron and Mike Fogleson. The boys were hunting near Minong, guided by local guide Troy Link, when the 493-pound black bear sauntered in. The hunt was coordinated by the United Special Sportsman Alliance (USSA). The 15- and 17-year-old boys are from the Black River Falls area. The proud mom is Joann Fogleson.
