Tyler Halatek of Reedsburg, Wisconsin was one of about 30 children attending the fishing opportunity given to them by United Special Sports Alliance headed by President Brigid O'Donoghue of Pittsville. Tyler said he was enjoying the day fishing even though he hadn’t caught fish yet.

Brigid O'Donoghue is pictured above with Bryon Gunn, age 6, bottom picture and Alex Gunn, age 7, top. These two brothers have several disorders as they suffered from malnutrition at an early age. Both boys have stunted growth along with anger problems and other ailments. They are both from Marshfield living with their adoptive parents. Their mother learned about the fishing opportunity from Brigid at the YMCA in Marshfield.
